

# Welcome to A-Levels

To help you prepare for your study programme we recommend that you acquire the following items:

1. **Subject textbooks** – AQA for A-Levels, except Criminology which is WJEC.
2. **Stationery** – pens, calculator, ruler, notepaper and 3-4 lever arch files with dividers (one for each subject).
3. **Laptop/access to the internet** – although these are not essential as there are resources available in college, you will be required to undertake study at home, and helpful information for each programme will be available via each subject's virtual learning environment (online).

Our Student Services team offer financial support towards the costs of coming to college. For further guidance, please contact one of the team directly on: **01539 814700** or go to the student money pages on the website.

**Our A-Level Guide, available on our website, includes more information about our subjects and life at KC Sixth.**

## Enrichment opportunities

Individual subjects organise trips which are relevant to their subject areas, e.g. Law students have visited a magistrate's court and watched court sessions in progress, Business students attended a subject conference, and Computing students participated in an expo on the latest trends in gaming and technology.

A-Level students also have the opportunity to attend UCAS careers exhibitions, to find out more about university applications, higher level apprenticeships and financing options. Individual university visits are also organised, and we have enjoyed visits from representatives from Oxford University who have come to speak to A-Level students.

You will also have the opportunity to access the below opportunities:

- **Core Maths** – one-year practical maths course equivalent to  $\frac{1}{2}$  A level
- **EPQ** – individual research project equivalent to  $\frac{1}{2}$  A level
- **Duke of Edinburgh** – Bronze or Silver Award
- **Aspire Programme** – designed to support students to develop critical skills necessary for further study in a fun and engaging way

**We look forward to welcoming you to KC Sixth!**

If you are unsure of anything, this information will be further explained at Enrolment Day and during your induction.
