

# Welcome to Westmorland Campus

## Our newest campus!

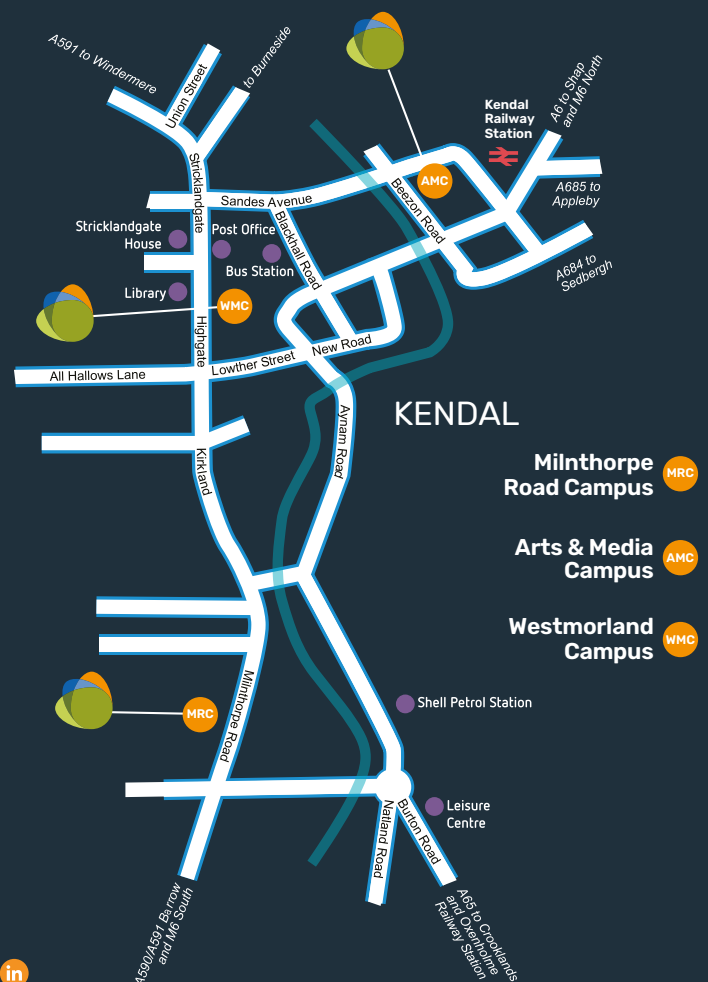

The campus is based on the first and second floors of the Westmorland Shopping Centre in Kendal Town Centre. It has a vibrant and bright feel - what were shops are now high-quality facilities and classrooms, leading on to a central atrium for study and recreation. Students at the centre have access to all student support services including wellbeing services, study skills, and career advice and guidance.

This is an exciting opportunity to study in a town centre location!
